Forecast For Wales
Issued by Met Office Exeter
at 1600 on Thursday 06 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A cold night with clear spells and a widespread frost.

This Evening and Tonight:
During the evening clear spells develop widely with perhaps a few coastal showers lingering overnight. A cold night with a frost and winds becoming light. Minimum temperature -3 deg C (27 deg F).

Friday:
A frosty start for some with plenty of sunny spells throughout. A few scattered showers developing for a time, mainly in the north, but many places remaining dry. Maximum temperature 13 deg C (55 deg F).

Outlook for Saturday to Monday:
Wet and windy on Saturday with heavy rain, though milder than of late. Mostly cloudy with showery rain on Sunday. Scattered heavy showers with sunny spells between on Monday.
